

The first mobile phone that you can use to simply talk.

The new emporiaTALKpremium.

All you want to do is call? emporiaTALKpremium reduces mobile communication to its fundamentals. All necessary functions can be accessed through the keys on the side of the mobile phone, and this makes menus superfluous. emporiaTALKpremium makes communication convenient: big keys with distinguished pressure points, large fonts and a wide display characterize this mobile phone.

Simplify your communication.®

emporia
